DIMENSIONS

SPECIFICATIONS

Recommended flow pressure between 15 and 75 psi. Above 90 psi it may be necessary to install a pressure reducer. Maximum operating temperature 176°F

CARE & MAINTENANCE

For best results, keep the following in mind to retain the high quality finish of your *ARTOS* faucet:

- Use a soft, dampened sponge or cloth. On no account should you use an abrasive material such as a brush, scouring pad or steel wool to clean surfaces.
- Test your cleaning agent solution on an inconspicuous area before applying to the entire faucet.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaning agent.
- An ideal cleaning technique is to rinse faucet thoroughly and blot dry any water from the surface after each use.
